March 1975

PRESIDENTS MESSAGE

The closing date for the newsletter is here and I am sitting down to write a message to you. The first thing that comes to mind is Spring, a season for clean-up around our homes, the Club and the city; for getting out more after the long winter months and meeting many new people. Spring edges into summer, a season when we have many visitors to Our club. I would like us all to think of ways that we can make them welcome. You will probably be travelling some during the summer and would appreciate the same friendly atmosphere we would like to create here at our club, Club'70.

Renovations to the club are underway and as always seem very slow. It is difficult to get things done on time with volunteer labour, but try to be patient. Now that winter is over, it will be easier to get these renovations and general clean-up done.

We would like the Club to be a place of which YOU are justifiably proud.

Your President, DOW

ALBERTA CHECK STOP..... During the one year period, November 1, 1973 to October 31, 1974, 344,205 motorists were stopped and checked by police patrols in the Province of Alberta. These were in addition to the many thousands of motorists stopped each day through routine police activity.
